Celebrating 50 Years of Conservation and Advocacy!

Newsletter of the Santa Barbara Audubon Society, Inc. Volume 51, Issue 4 Feb.-Mar. 2013

# CBC Draws Over 250 Participants By Rebecca Coulter

Compiler's Notebook: Nov. 30th Thanksgiving is over and I, along with my fellow Santa Barbara Christmas Bird Count (CBC) coordinators Jared Dawson and Joan Murdoch, begin planning in earnest for this monster of a CBC, even though we've already been meeting regularly for months. We have a feeling that our participant numbers will go higher than last year's record 215 people, as national Audubon is no longer charging its 5 dollars per-person fee. We carefully go over the Areasthe divisions that make up our 15-mile diameter count circle—adding new birding sites and deleting those no

With nearly 200 participants on our roster, the scouting begins in earnest. Birders fan out into all the nooks and crannies known to hold birds. Our montane year has materialized on a small scale: Red-breasted Nuthatches and Pine Siskin are in every patch of conifers, and Red Crossbills have been moving around the count circle with alarming unpredictability. After many years of squeaking out a couple of oriole species each winter, the increasing wintering orioles this year are in the expected places, feasting on blooming Eucalyptus and other exotics. Ducks are showing a marked decline at local lakes and ponds. And where are the sapsuckers? We worry, we plan, we go birding...often.

#### Compiler's Notebook: Count Day, 7:00 AM

The hearty owlers have already been out in the mountains since midnight, turning up birds such as **Spotted**, **Western Screech** and **Northern Saw-whet owl**s. Dawn brings frost on the ground, clear bright sunshine, and temperatures

A flock of SB birders on count day. Photo by Liz Muraoka

below freezing in spots. Reports from the army of birders begin to flow in: Eurasian Wigeon on Goleta Slough; Costa's Hummingbird coming to a backyard sage plant; Tropical Kingbird at the Bird Refuge; Varied Thrush on a seldom-done hike down the Arrovo Burro Trail: five species of oriole: Red Crossbills on La Cumbre Peak and a dismal report from the boating birders. At the compilation dinner, more surprises: American Bittern at Lake Los Carneros: Common **Ground-Doves** near Glen Annie: Short-eared and Burrowing owls

on More Mesa; **Northern Waterthrush** returning to Arroyo Burro Creek; four **Hermit** and three **Palm warblers**; and both **Clay-colored** and **Brewer's sparrows** on private ag fields in Goleta. Reports of slow birding throughout the day dissolve as the evening draws to a festive close. Our species total stands at 214.

#### Compiler's Notebook: January 12th

After a week of tabulating, assessing movement of birds around the count circle, and reports from other CBCs, our species total will stand at 214-the second highest count in the state. It's the compilers' duty to agonize over the ones that got away. How could we have missed **Redhead** and White-throated Swift? And that pesky count-week Olive-sided Flycatcher that didn't show on count day? Nevertheless, the consensus among this huge tribe of birders—from the large number of first timers to the many groups of old friends catching up at the compilation dinner--is that it was great fun and something we can all be proud of. In fact, this huge tribe—268 at last count—will likely represent the largest group of field participants on any count anywhere. We don't expect our totals to change significantly, but all the numbers are preliminary until submitted to national Audubon. Our thanks go to all of you who make it possible! and especially to Santa Barbara Audubon, fellow compilers Dawson and Murdoch, and the Museum of Natural History for supporting this community effort.

The mission of the Santa Barbara Audubon Society is to help conserve and restore the earth's natural ecosystems and improve its biological diversity, principally in the Santa Barbara area, and to connect people with birds and nature through education, science-based projects and advocacy.

# Santa Barbara Audubon Programs

## The Philippine Biodiversity Crisis

On Wednesday, February 27th, at 7:30 pm, Raul Suarez PhD., will speak about the 7000-plus islands that comprise the Philippines. Known for its immense diversity of species, Dr. Suarez will discuss this country's history and its colonial and post-colonial political and economic institutions. At the time of its first contact with Europeans in 1521, about 90 percent of the Phillippines was forested and home to flora and fauna that had evolved over millennia. Although some forest loss occurred during roughly three centuries of Spanish colonial rule—and subsequent half century of American colonial rule—the loss accelerated greatly after World War II, and today, only 20 percent of its land mass has forest cover. Suarez, who is a professor in the Department of Ecology, Evolution, and Marine Biology at UCSB, will also discuss factors that have led Dr. Raul Suarez to the country's overpopulation and poverty.

## **One Hundred Years of Counting Birds**

On Wednesday, March 27th, at 7:30 pm, Rebecca Coulter and Jared Dawson, co-compilers of the Santa Barbara Christmas Bird Count (CBC), will give details of what is now the longest running continuous citizen science project in America, explaining just how local bird lovers set out to count, and not recount, every bird in a 15-mile diameter circle in 24 hours. Discover why Santa Barbarans and birders around the globe participate in this project and why the Santa Barbara CBC consistently ranks at the top of state and national species totals.

A Santa Barbaran since 1979, Rebecca has been birding passionately since her first Christmas Bird Count in 1995. She teaches birding classes at SBCC's Continuing Education program and at the Santa Barbara Botanic Garden. She is the volunteer manager at the Santa Barbara Museum of Natural History. Jared Dawson is a retired cartographer who has lived in Southern California for 50 years. He served as membership chair of SBAS and studied bird vocalization with the Cornell Lab of Ornithology.

# Get Ready for Santa Barbara Audubon's First Birdathon

Plans for Santa Barbara's first Birdathon are entering their final stages! From April 20th to 28th, the Birdathon will include special events such as field trips and individual team trips to raise funds for our chapter's missions while introducing birding to a broader segment of the community.

There will be many ways to have fun and participate in the Birdathon. You can bird on your own or form a team to count bird species. You can raise funds for SBAS by asking friends and family to sponsor your sightings. Other events such as Big Sits will be held for kids in collaboration with scouting groups.

Expert birders will lead field trips for small groups on Friday, April 26th through Sunday, April 28th. The locations and leaders are still being finalized, but trip locations will sample good birding spots for late April. Well-known expert birder Joan Lentz has agreed to lead one of these trips. Lentz has published three books about birds and her latest, *A Naturalist's Guide to the Santa Barbara* 

Region, is about to be published. Mark Holmgren, another expert birder, and Susanne Barrymore, Joan Lentz will also lead field trips. Complete details about the trips and leaders will be detailed in a special Birdathon newsletter that you'll receive by March 15th. It will include a mail-in registration form to secure spots on field trips as well as other information about participating.

We hope you'll join us in April for our first Birdathon—an event to celebrate the Santa Barbara Audubon Society's 50th birthday. For more information, please check our website (<a href="www.santabarbaraaudubon.org">www.santabarbaraaudubon.org</a>) and the next issue of El Tecolote.

All programs will take place at Farrand Hall, Santa Barbara Museum of Natural History, Mission Canyon, Santa Barbara. Free on-site parking. All programs will begin at 7:30 pm and are free to the public. Doors open at 7:00 p.m. SBAS members are encouraged to bring guests.

# Santa Barbara Audubon Field Trips

These trips are fun for both beginning and expert bird watchers. Binoculars are useful for enjoyment of birds, but if you don't have a pair please call the trip leader and we'll lend you a spare.

Trips are free unless noted. Please contact **Jack Sanford** at birdsandtennis@hotmail.com for details or questions.

Yellow-billed Magpie

#### Field Trips/Bird Walks Do you have an idea?

We are always looking for suggestion for places to visit on our monthly field trips. If you have an idea and are not sure where or what to do next, or are interested in helping coordinate a field trip contact **Jack Sanford** at 805-566-2191 or birdsandtennis@hotmail.com

## Duck Ponds/Wetlands (Next to Pt. Mugu Naval Air Station)

Sunday Feb. 10th, 2013, 7:00 am (car pool time) 8 am-noon

Target Birds: Waterfowl, Virginia Rail, Merlin, Peregrine Falcon, American Bittern, White-faced Ibis, Yellow-headed Blackbirds, Vermilion Flycatcher, etc

Trip Leaders: Peggy Kearns, Jeff Hanson

We will car pool from the Andree Clark Bird Refuge at 7:00 am (\$8 gas money to drivers). Or if you want to meet us at the Duck Ponds/Wetlands at 8:00 am, email Jack Sanford at birdsandtennis@hotmail.com for directions. Special thanks to Peggy Kearns and Jeff Hanson for making the necessary arrangements. Enjoy.

## Sandhill Crane Overnight

Saturday and Sunday Feb. 16th and 17th, 2013

Target Birds: Sandhill Cranes, Burrowing Owls, Common Moorhen, Horned Larks, Loggerhead Shrike, Lark Sparrows, Blue-winged Teal, Marsh Wren, Great Horned Owls plus many other species.

Leader: Jack Sanford birdsandtennis@hotmail.com (No Reservations are necessary)

Cost: Camp ground fees are \$20. Motels are 20 minutes away in Lost Hills or Delano.

This field trip is to the Colonel Allensworth State Historic Park, The Atwell Island Wetlands, the Pixley National Wildlife Refuge, and the Kern National Wildlife Refuge. It will be an overnight trip with camping at one of two places. Colonel Allensworth SP has a nice campground with showers (\$20 per night). As a backup, we can primitive camp at the Kern National Wildlife Refuge. A Motel 6 and Day's Inn are in the vicinity. Everyone must make their own vehicle arrangements and bring the necessary camping equipment: layers of clothes, food, beverages, and birding equipment. We will not caravan. Each participant will travel from SB, leaving at approximately at 6:00 am Sat or sooner for the Colonel Allensworth State Historic Park campground. We will meet just outside the park at noon ±/- 15 minutes. It is approximately 230 miles to Colonel Allensworth SHP from

or sooner for the Colonel Allensworth State Historic Park campground. We will meet just outside the park at noon +/- 15 minutes. It is approximately 230 miles to Colonel Allensworth SHP from SB depending upon the route. For directions, email Jack Sanford at birdsandtennis@hotmail.com)

## Las Cruzitas Ranch near Santa Ynez

Sunday March 17th, 2013 (7:45 am at car pool location) return between 1:00 & 2:00 pm

Target Birds: Goldfinches, Buntings, Rufous-crowned Sparrows, Phainopepla, Yellow-billed Magpie, Prairie Falcon, Nuthatches, Hummingbirds and maybe a Golden Eagle

Trip Leader: Cruz Phillips, 688-8233, cruzitas@aol.com

Cost: \$8.00 gas money to car pool drivers. Car pooling is recommended as parking is limited. We will meet at the Five Points Shopping Center (3925 State St near Big 5) at 7:45 am. For directions, email Jack Sanford at birdsandtennis@hotmail.com. We will arrive around 9 am and bird near the ranch house for about 2 hours where there are a large number of feeders and bird habitat. Then we will take an easy walk around the general area and perhaps a tour of a canyon. Bring water, a snack and/or lunch.

### Rancho Santa Barbara

Saturday March 23rd, 2013 (8 am -noon)

Leader: Rob Lindsay

Formerly known as "The Loan Star Ranch," Rancho Santa Barbara is off Hwy 154.

Meet at 7:30 am at Five Points shopping mall, in front of Big Five. No gas money required.

Target Birds: geese, Common Goldeneye, Wood Duck, Lewis's Woodpecker, Bald Eagle, Clark's Grebe, American White Pelican and other water and song birds

# Friday Bird Walks

#### **Lake Los Carneros**

Friday, Feb. 8th, 2013, 8:30-10:30 am

Target Birds: Waterfowl and winter song birds

Bird Walk Leader: Jack Sanford (birdsandtennis@hotmail.com)

Directions: From Hwy 101 take the Los Carneros exit off ramp and head towards the mountains (Stow

House on the right) Park behind the fire station.

San Jose Creek Area (near Kellogg tennis courts)

Friday, Feb. 22nd, 2013 8:30-10:30 am

Target Birds: Song birds, woodpeckers, thrashers, thrushes, kinglets etc.

Bird Walk Leader: Jack Sanford

Directions: From Hwy I01 take the Patterson Ave off ramp and head towards the mountains. Turn left on Cathedral Oaks Rd. Turn left at the Kellogg Rd

stop light. Park and Park and meet near the tennis courts.

### Santa Barbara Museum of Natural History

Friday Mar. 8th, 2013, 8:30-10:30 am

Bird Walk Leader: Jack Sanford

We will meet at the Santa Barbara Museum of Natural History near the Blue Whale.

### Elings Park

Friday, March 22nd, 2013, 8:30-10:30 am

Target Birds: Raptors, song, Juncos, Warblers, Finches, Hutton Vireo, California Thrasher etc

Bird Walk Leader: Jack Sanford

Directions. From Hwy 101 in either direction, take the Las Positas off ramp and head towards the ocean. Look for the Elings Park entrance sign and turn left on Jerry Harwin Parkway. Proceed to the Battistone Foundation Soccer parking lot located in front of the park office building. We will meet there and bird the area.

Join us on the second and fourth Fridays of each month at 8:30-10:30am, except as otherwise noted. Please call Bird Walk leader Jack Sanford 566-2191 or email at birdsandtennis@hotmail.com if you are interested in leading a future bird walk to your favorite birding location or have any questions.

# Welcome

SBAS extends a warm welcome to our newest members.

We look forward to seeing you at our programs and field trips. Thanks for joining!
